

Changes to Tariff for Legal Entities

as of **1st of November 2024**, The payment tariff for small business is changing. The tariff for the Halcom digital certificate on the key and digital card will be increased:

Halcom digital certificate	Old tariff	New tariff
"One for all" digital certificate on USB key (Provider UniCredit Bank)	105,01 EUR	120,00 EUR
One for all" digital certificate on smart card (Provider UniCredit Bank)	86,00 EUR	100,00 EUR

At the same time there are some minor corrections in the wording in the tariff around card transactions and the use of electronic channels.

If you do not agree with the proposed changes to the Tariff, you can cancel your transaction account contract at any time until the date of entry into force, without paying compensation for contract termination. Otherwise, it is considered that you agree with the changes and accept them.
